Re: Information for my Accountant for tax year 2016

Dear Sir or Madam:

I'm consulting with an accountant, and I would appreciate it if [REDACTED]
(hereafter, "Company") would provide some information.

1. What facts did Company rely on to determine that the federal tax laws applied to me?
2. What facts did Company rely on to determine that what it paid me was reportable to the IRS as income?
3. Who in the Company would willingly testify to the answers to the above questions, and may I contact that person?

In the event that Company cannot provide the facts and witnesses requested above, please send the IRS and myself a corrected information return (Form W-2) which contains amounts that can be supported by facts and witnesses.

Please treat this as an urgent request. I would really appreciate a response within five business days.

Thank you for your attention,

Brian E. Harriss
